

LP=2.5" (Standard)
 LC=11 ft (Standard)

(Custom Probe/Cable Lengths
 available on request)

Sensor:
 Thin Film Platinum (385)
 100R or 1000R Element
 DIN Class "B" - 0.3°C Accuracy
 (0.1°C accuracy available on request)
 Mounted on PCB and encapsulated in heat transfer
 compound for fast response, resistance to self heating, and
 shock/vibration protection.

ELKOR Technologies Inc.
